

# SRINJOY

MCA Student | Programmer | Web Technology Learner  
Email: srinjoy@example.com | Phone: +91 98765 43210 | Location: West Bengal, India

## Professional Summary

Enthusiastic Master of Computer Applications (MCA) student with a strong foundation in software engineering, object-oriented programming, and modern web technologies. Passionate about designing robust database solutions, learning advanced web technology frameworks, and building user-centric academic applications.

## Educational Qualifications

|                                                 |                         |                               |
|-------------------------------------------------|-------------------------|-------------------------------|
| MCA (Master of Computer Applications)           | Techno India University | Currently Studying (Pursuing) |
| BCA (Hons.) (Bachelor of Computer Applications) | Techno India University | 2025 (Completed, CGPA: 7.8)   |
| Higher Secondary (12th)                         | C.B.S.E                 | 2022 (First Division, 85.4%)  |
| Secondary (10th)                                | C.B.S.E                 | 2020 (First Division, 71.4%)  |

## Key Skills

- Basic knowledge in Computer Programming
- Proficient with MS Word, MS Excel, SQL, Python
- Basic knowledge in Java
- Good verbal and written communication skills
- Strong analytical and problem-solving abilities
- Quick learner with adaptability to new technologies

## Academic Projects

- 1. Student Management System (Java, MySQL)**
  - Designed a desktop application to record, manage, and fetch student personal and academic data.
  - Implemented JDBC for relational database connectivity and user authorization mechanisms.
- 2. Personal Portfolio Website (HTML5)**
  - Built a fully responsive and semantic personal website demonstrating modern HTML5 capabilities.
  - Incorporated accessibility (a11y) standards, embedded media controls, maps, and forms without framework styling.
- 3. Relational Library Database (SQL, DBMS)**
  - Structured database schema to maintain library operations including book issues, returns, and fine tracking.
  - Wrote complex queries, triggers, and stored procedures to optimize search queries and check availability.

## Achievements & Certifications

- **Hackathon Runner-Up:** Secured 2nd place in 'CodeForge 2025' at college level.
- **NPTEL Certification:** Completed 'Programming in Java' with Elite+Gold performance.
- **freeCodeCamp Certification:** Earned credential in Responsive Web Design.
- **Python for Data Science:** IBM Cognitive Class certified.

Personal Details

Father's Name:       Prosanta Kumar Paul

Mother's Name:       Paramita Paul

Marital Status:       Unmarried

Languages Known:    Bengali, English, Hindi

Hobbies:               Reading books, Playing chess

Religion:              Hindu
